Improving Educational Facilities in Madurai

Ekam USA, Indianapolis chapter

Indianapolis Chapter donated some essential items listed below to Gengamuthur Govt Primary School. This school is located in very remote village in the hilly outskirts of Madurai, about 27 km from the city center. These donations will positively impact the educational experience of 37 kids

- ❖ Smart TV
- ❖ Benches
- ❖ Cabinets

Benches

The classroom is a vital space in a student's life where they spend most of their time. Classrooms should be a catalyst in their learning process. A good classroom environment and seating arrangement will help students concentrate on the learning process. EKAM is supporting these kids to achieve their dreams by improving the school's facilities.

Before

After

Smart TV

Now technology is part of everyday life and exposure to technology is essential for survival and success. EKAM donated smart TV to this school which enables access to web-based educational content and teaching. It improves the efficiency of teaching methods and the learning capacities of students in the classroom.

“Technology is not just a tool. It can give learners a voice that they may not have had before” -- George Curoos

Before

After

Cabinet

Having storage available in the classroom gives pupils somewhere to store bags, books and any personal items or equipment. It teaches them key skills about keeping their belongings tidy and safe.

Acknowledgements

This school project was made possible through generous donation by following members

Siva in celebration of son Aswath's birthday,

Suresh and Nirmala

Total cost: \$1058
